<b>Bodega Classica Hacienda Lopez de Haro Crianza Rioja</b> Spain 13.5% Complex & easy drinking, our favourite Rioja	10.1	38.0		

#### TO DECANT OR NOT TO DECANT?

Decanting helps to soften the acidity in the wine and makes the wine 'smoother' and more enjoyable to drink. The process of decanting also helps to remove any sediment from the wine. Ultimately the choice of whether you wish to have your wine decanted or not is yours, we have recommend the wines that benefit most from the decantation process.
